Spend the day exploring Kiruna at your own pace or take the option to delve into this unusual feat of engineering and embark on an underground mine tour. This afternoon, stay above ground and visit the Icehotel – an Optional Experience which includes a drink at the ice bar and an ice sculpting experience. Tonight is your last chance to catch a glimpse of the Northern Lights (weather permitting), made even more special by the fact that in just a few years the vantage point of this hotel will be moved along with the entire town of Kiruna.
